

La Spezia 27/07/2020

**SEAFUTURE POSTPONED TO JUNE 2021
AFTER THE POSTPONMENT AGREED LAST APRIL, THE NEW DATES ARE:
14/17 OF JUNE 2021**

In view of the current international health emergency, the consequent regulations released by the government and the international trade fair calendar, in order to make the event safe, **Italian Blue Growth Srl**, the organizing company of Seafuture, in consultation with its partners, the **Italian Navy, AIAD, Regione Liguria, Chamber of Commerce of the Riviere di Liguria**, has decided to postpone the date of the event, which will therefore take place **at the Military Arsenal of Spezia from 14 to 17 of June 2021.**

The event will open on Sunday 13th with a big event dedicated to the sea, with the second edition of the **5 Terre National Park regatta.**

The organizers will continue to work hard so as to ensure that the Seafuture 2021 edition will be full of news and opportunities for experts in the field with the aim of contributing to a strong re-launch of the maritime economy.

Precisely to keep the attention alive on this crucial sector, we invite national and international companies to participate to an **online event next autumn** aimed both at amplifying the commercial and marketing opportunities for exhibitors and at sharing, through thematic conferences, the state of the art of this sector.
